Subject: RE: Delegation of NPL state concurrence to Ecology/DEQ?

Paul: I briefed Jason Miner, the Governor's Natural Resources Advisor, on the Bradford Island NPL petition before we filed it, and have conferred with Jim McKenna about the issue as well. This should be all that Ken needs.

If, for some reason, EPA wants an email from the Governor's office, just let me know and I will talk with Jim/Jason.

Thanks.

I don't think a letter from the Gov is needed unless she has a special interest. As stated in my earlier email to Jim, ORS 465.210 appears to provide this authority.

465.210 Authority of department for removal or remedial action. (1) In addition to any other authority granted by law, the Department of Environmental Quality may:

- (a) Undertake independently, in cooperation with others or by contract, investigations, studies, sampling, monitoring, assessments, surveying, testing, analyzing, planning, inspecting, training, engineering, design, construction, operation, maintenance and any other activity necessary to conduct removal or remedial action and to carry out the provisions of ORS 465.200 to 465.545 and 465.900; and
- (b) Recover the state's remedial action costs.

(2) The Environmental Quality Commission and the department may participate in or conduct activities pursuant to the federal Comprehensive Environmental Response, Compensation and Liability Act, as amended, P.L. 96-510 and P.L. 99-499, and the corrective action provisions of Subtitle I of the federal Solid Waste Disposal Act, as amended, P.L. 96-482 and P.L. 98-616. Such participation may include, but need not be limited to, entering into a cooperative agreement with the United States Environmental Protection Agency.

(3) Nothing in ORS 465.200 to 465.545 and 465.900 shall restrict the State of Oregon from participating in or conducting activities pursuant to the federal Comprehensive Environmental Response, Compensation and Liability Act, as amended, P.L. 96-510 and P.L. 99-499. [Formerly 466.550]

Keeping you in the loop so Richard is not surprised by an unexpected email.

Hi Paul. I will connect with the Governor's Chief of Staff today to see if we can get the Governor to send an email to Richard Whitman that provides the delegated authority. I'll keep you posted.

Thanks,
Jim McKenna

Hi Paul – hope you're doing well! Just checking in on any correspondence with the governor's office on the Bradford NPL listing. DEQ has the delegation to concur and we have that in the October letter, just an email from you confirming that the Governor's office is in the loop to some extent would be great. Thanks for your help! Ken

Thanks Bob, Paul – is there any correspondence with the governor's office about this – we need to show that the governor is in the loop even if DEQ has delegation. I'm thinking even an email from Paul describing how DEQ has coordinated with the Gs office would suffice. Thanks!

Hi Paul,

Who would know if the Governor has delegated authority to the DEQ Director for concurrence with an NPL listing?

Bob

Subject: Delegation of NPL state concurrence to Ecology/DEQ?

Hi Rebecca, Bob,

Just a quick update on the Bradford Island NPL listing. The listing rule is scheduled now to go out in early September. The Administrator is being briefed on June 2, which will hopefully give the green light to proceed with Bradford Island. If that's the case, we need to confirm state (Washington and Oregon) concurrence with the listing. Currently we have the letter from both directors of both Ecology and DEQ requesting that the site be placed on the NPL (Oct 2019), but I need to confirm that the governors have delegated authority for concurrence to the agencies. **Can you find out for me if this delegation exists and is in force?** If it is, then we can use the existing letter as long as we have confirmation that the governors' offices have been informed.

Thanks in advance for your help! Ken
